DRUM-TOTE AGITATOR

*FAST - EFFICIENT
CLEAN - COMPLIANT*

KEY FEATURES:

- ✓ PATENTED DESIGN
- ✓ MIXES THE HEAVIEST SETTLED INGREDIENTS
- ✓ DUCTED FLOW FOR EFFICIENT MIXING
- ✓ FITS STANDARD PORT ON DRUMS & TOTES
- ✓ NO DISASSEMBLY FOR INSTALLATION
- ✓ NO LID REMOVAL REQUIRED
- ✓ FULLY GUARDED (WHEN INSTALLED)
- ✓ NO NET TORQUE – NO SPECIAL MOUNTING
- ✓ LUBRICATION-FREE PNEUMATICS
- ✓ STAINLESS STEEL / WASH-DOWN
- ✓ VARIABLE SPEED
- ✓ INTEGRATED RECIRCULATION PORT
- ✓ OPTIONAL CONTROLS AVAILABLE

APPLICATIONS:

- ✓ PAINTS, INKS & COATINGS
- ✓ LUBRICANTS
- ✓ PROCESS CHEMICALS
- ✓ FOOD PRODUCTS
- ✓ SOLUTIONS & SUSPENSIONS

COMPATIBLE CONTAINERS:	Drums / Bulk Containers with 2" (nominal) bung port, HEIGHT (min) 840mm [33.0"]
IMPELLER SPECIFICATIONS:	Dual Upward Flow Impellers + Single Downward Flow Impeller
VISCOSITY:	< 750 cP (reduced performance above 750 cP)
MIXING SPEED:	1000-4000 RPM (user-adjustable)
PEAK TORQUE:	2.9 N-m [26 IN-LB]
WETTED PARTS:	Stainless-Steel & Acetal Co-polymer
PNEUMATICS:	Lubrication-Free
CONTROLS:	Speed Control Valve (+ Optional Control Panel with On/Off/Auto)
SAFETY FEATURES:	Fully Guarded Design (When Properly Installed in Suitable Vessel)
COMPRESSED AIR SUPPLY:	6 bar [90 PSI], 1415 l/min [50 SCFM], clean, dry, lubrication-free
ELECTRICAL SUPPLY:	N/A
MIXER DIMENSIONS:	370mm [14.5"] wide X 480mm [19.0"] deep X 1035mm [40.7"] tall
MIXER WEIGHT:	8.5kg [19 lbs]
SHIPPING DIMENSIONS (1 UNIT):	175mm X 175mm X 1200mm X 9.0kg [7" X 7" X 47" X 20 lbs]

FAST

The patented design uses three impellers for very fast mixing even with difficult settled ingredients.

EFFICIENT

The enclosed mixer tube strategically ducts the flow throughout the vessel with low input energy, saving operating costs.

CLEAN

With no disassembly and no lid removal required, vessel changes are quick and easy with no mess.

COMPLIANT

When properly installed, the mixer and vessel work together to prevent personnel from contacting moving parts.

GREAT RETURN ON INVESTMENT

This industrial-grade mixer will give you safe, efficient mixing for any commercial or industrial application, while reducing effort, reducing energy use, and increasing productivity.

(Optional Controls Shown)
